SPT MAG

SMOOTH CYCLING FOR LIFE

The SPT-MAG is built and designed for club use but is a stand-up choice for any home cyclist. Cycling builds both Strength and Stamina and with the *BODYCRAFT SPT-MAG*, you will want to workout. The solid construction, micro-adjust resistance knob, maintenance-free Eddy Current Magnetic Resistance, and fully-adjustable racing Handles and Saddle allow for an uncompromising, low-impact riding experience.

Specifications

Frame	Heavy Duty Steel Frame with a Multi-Phase Coat/Paint process that prevents rust and corrosion. Featuring built-in 4 point Heavy Duty Dampener/Levelers and Ball Bearing Transport Wheels. The design incorporates Guards that ward off sweat from Flywheel.
Flywheel	SKF Precision Sealed Bearings, Precision Balanced Perimeter Weighted Alloy Flywheel.
Drive	Direct Drive maintenance-free Hutchinson® Automotive grade Kevlar® reinforced Drive Belt.
Resistance	Magnetic Eddy Current Resistance controlled via Micro-adjust Knob. Our Eddy Current technology reacts instantly to the increase and decrease of the user's demands. Please visit www.bodycraft.com/pdfs/eddy for more information on the benefits of Eddy Current Technology.
