

# GCLP100 Body-Solid Compact Leg Press

*Body-Solid*<sup>®</sup>  
Built for Life

## **GCLP100** **Compact Leg Press**

Body-Solid's GCLP100 Compact Leg Press is a powerful lower body training tool designed for home and garage gyms as well as space-limited facilities. Measuring at just 47.2" wide and 67.1" deep, the GCLP100 is one of the most compact, functional leg press machines on the market and can easily fit into most facilities and homes with ease. The best-in-class carriage glides on sealed linear ball bearings and case-hardened, chrome-plated guide rods for unprecedented smoothness even at heavy weights. Heavy-gauge steel construction ensures a lifetime of reliability, even in heavy-use facilities. Two 12" chrome-plated weight horns allow users to comfortably add weight to the GCLP100 up to the 1,000 lb. weight capacity.

Weight: 228.7 lbs.  
Dimensions: 67.1"L x 47.2"W x 46.4"H
